**Bureau of State Parks**

Dear Ohiopyle Falls Access Committee Members:

The Bureau of State Parks would like to inform you that after reviewing comments and recommendations following the November 22, 2008, public meeting for the "Private Boater Falls Access Proposal" at Ohiopyle State Park, and continued internal discussions and operational evaluations, it is the Bureau's decision to continue with the existing policy for limited access to the Falls at Ohiopyle State Park. The existing policy is administered under a Special Activities Agreement for special events and Commercial Use License for clinics.

The Bureau would like to take this opportunity to thank you for your continued interest in expanded recreation at Ohiopyle State Park. If you have additional questions, please contact David Barrett, Chief, Park Operation and Maintenance Division, at 717-783-3307.

Sincerely,

John W. Norbeck  
Director  
Bureau of State Parks
